Notice of Fee Increase on October 1, 2004

If a reply to a "Notice of Allowance and Fee(s) Due" is filed in the Office on or after October 1, 2004, then the amount due will be higher than that set forth in the "Notice of Allowance and Fee(s) Due" because an increase in fees effective on October 1, 2004 is anticipated. See Revision of Patent Fees for Fiscal Year 2005; Proposed Rule, 69 Fed. Reg. 25861, 25863, 25864 (May 10, 2004).

The current fee schedule is accessible from WEB site (<http://www.uspto.gov/main/howtofees.htm>).

If the fee paid is the amount shown on the "Notice of Allowance and Fee(s) Due" but not the correct amount in view of the fee increase, a "Notice of Pay Balance of Issue Fee" will be mailed to applicant. In order to avoid processing delays associated with mailing of a "Notice of Pay Balance of Issue Fee," if the response to the Notice of Allowance is to be filed on or after October 1, 2004 (or mailed with a certificate of mailing on or after October 1, 2004), the issue fee paid should be the fee that is required at the time the fee is paid. See Manual of Patent Examining Procedure (MPEP), Section 1306 (Eighth Edition, Rev. 2, May 2004). If the issue fee was previously paid, and the response to the "Notice of Allowance and Fee(s) Due" includes a request to apply a previously-paid issue fee to the issue fee now due, then the difference between the issue fee amount at the time the response is filed and the previously-paid issue fee should be paid. See MPEP Section 1308.01.

Effective October 1, 2004, 37 CFR 1.18 is proposed to be amended by revising paragraphs (a) through (c) to read as set forth below. As stated above, the final fee may be a different amount, and applicant should check the WEB site given above when paying the fee.

Section 1.18 Patent post allowance (including issue) fees.

- (a) Issue fee for issuing each original or reissue patent, except a design or plant patent:
- By a small entity (Sec. 1.27(a))..... \$670.00
 - By other than a small entity..... \$1,340.00
- (b) Issue fee for issuing a design patent:
- By a small entity (Sec. 1.27(a))..... \$245.00
 - By other than a small entity..... \$490.00
- (c) Issue fee for issuing a plant patent:
- By a small entity (Sec. 1.27(a))..... \$325.00
 - By other than a small entity..... \$650.00

Questions relating to issue and publication fee payments should be directed to the Customer Service Center of the Office of Patent Publication at (703) 305-8283.

DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with William FROMMER, Reg. No. 25,506 on 7/21/04.

The application has been amended as follows: applicant grants examiner permission to cancel the following rejected claims, ~~1-13~~, including the non-elected claims, ~~22-44~~ and ~~53-77~~. Applicant reserves the right to represent claims 1-13 in a continuation and also reserves the right to represent the non-elected claims, 22-44 and 53-77 in one or more divisional applications.

Allowable Subject Matter

2. The following is an examiner's statement of reasons for allowance for independent claims 14 and 45 along with their dependent claims: none of the searched prior art, including ZINK et al, the primary reference, anticipating claims 1-13, expressly teach or suggest the underlined feature/claim limitation;

"A method for generating a graphical representation of a processing web of an instrument, connecting said first processing element to second processing element indicating a flow of data there between;

wherein said first processing element is a waveform acquisition processing;

and wherein said second processing element is a display processing element".

ZINK et al only teach "A method for generating a graphical representation to a processing web of an instrument, connecting said first processing element to second processing element indicating a flow of data there between; wherein said first processing element is a waveform acquisition processing, however,

even though claim 13 is anticipated by figure 8d, element 908 which is supported by figure 7, element 508 and further supported by Table 1 that provides definitions for "terms and constructs..." "...in the graphical solutions development environment", ZINK et al does not teach the underlined feature. Therefore, claims 14-21 and 45-52 meet necessary conditions for allowance.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should

Art Unit: 2676

preferably accompany the issue fee. Such submissions should be clearly labeled

"Comments on Statement of Reasons for Allowance."
